Graphic Designer &  
Media Assistant

Women in Clean Tech, SFU  
Feb 2026 - Present

- Created, designed and maintain the organization's website.
- Collaborated with the team to develop a consistent visual image across web, social media, and print materials.

## PROJECTS

Women in Clean Tech Website Apr 2026

Women in Clean Tech SFU

- Led a full visual rebrand of the website, establishing a design system and style guidelines.
- Designed wireframes and layouts in Figma to create a seamless online user experience.
- Built and launched the website independently in Framer, increasing visibility and improving communication of events and resources.

Web Design & Development Project Mar - Apr 2026

Simon Fraser University • Information Design

- Planned website layout using Figma to create wireframes and design user interface.
- Developed responsive web pages in HTML and CSS as part of a team, contributing to a functional and accessibility-focused site.

Design Festival Branding & Microsite Project Mar - Apr 2026

Simon Fraser University • Foundations for Designing Interactions

- Designed posters, graphic assets, and a microsite for a design festival, creating a visual identity across print and digital platforms.
- Coordinated meetings and delegated tasks as project manager, helping the team meet project milestones and deadlines.

## WORK EXPERIENCE
